Leonard Turpen, President

This year has been the year of change. We have moved the changing of our officers to June to coincide with the time lines with nationals. Our awards years of service will move to the fall starting this meeting. This change comes on our 55th anniversary, we have made it to this point with our mentoring of our members to lead each year and grow. We keep striving to make our state as one of the top ANFP

Chapters Years of service awards discussion decided to give year of service in the fall. Leonard requested that members make "of the year award" submission by January for spring meeting. Leonard noted that the award forms could be downloaded from our website ANFPonline.com

Donna Bateman, President Elect

I have had a great year so far. I attended the national conference in Orlando in June; attend the board meeting in Wichita. I attended the East district meeting in September. I am working with East District to plan the spring workshop in Lawrence and the 4H grounds. Huge thank you to Leonard for helping get volunteers to run for the office of Secretary and President – elect. Huge thank you to Leonard and those who agreed to serve.

Donna encouraged members to plan to attend the ACE and requested that members submit “I will serve” forms because their help is needed.

Matthew Schlagel, Secretary:

I have enjoyed my time as secretary for our chapter and look forward to being able to continue to serve in the future. We are currently trying to track down the Secretary Binder so that we can maintain and look back at our history better. Prior to the next secretary taking over we hope to at least compile what information we do have in a digital format so that it can be shared and searched by our board and members as needed. I hope that this information is something that we can upload to our website with ANFP.

Paula Bradley, Past President

I have put together the Years of Service for 2017. I am proud to congratulate the 82 members receiving the award this year.

Paula noted that the years of service awards that have not been presented will be kept with sales. Paula encouraged members who have earned their years of service awards to display them and be proud of their accomplishments.

Cindy Cothorn, State Spokesperson

Hello everyone! I hope everyone is enjoying this gorgeous fall weather we are having. Although we could all do with a bit less rain I am enjoying the cooler temperatures.

Recently we had another successful booth at the KHCA annual convention. Thank you to Debra Lowry, Steven McCoy and Trisha Hadley for manning the booth. And thank you Debra for signing us up for next year.

Cindy sent the following message via face book which was read to the members. “I miss all my KS ANFP peeps. Missing the fall workshop; celebrating 55 years. Hello everyone. Love you all!”

It was reported that Cindy has a small tumor behind her eye which requires an operation to remove; prayers are requested. Cindy’s husband is also having health issues which required her to leave her job for 7-8 weeks. A card to sign for Cindy was passed around.

Committee Reports

Hospitality, Suanne Hoffman

Good morning to everyone. April 18, 19 and 20, 2018 we went to Mulvane, Kansas for an incredible ANFP meeting.

Such a blessing: with a great donation to the Kansas Honor Flight and their wonderful volunteers. I gave out 2 sunflowers to Mr. and Mrs. Larry Ruse.

Communications, Matthew Schlagel & Leonard Turpen

Leonard noted that we are looking for someone to step up and take over communications by June.

The next Newsletter will be out December 10 or before; Newsletter Reports by December 1st. We are still looking for someone to take over the role of newsletter editor.

Matthew has started "Kansas ANFP" group on the "Group Me" application. At the meeting or in the next newsletter I will request that those who would like to be included let me know and provide me the cell number that they would like added. Group Me is a free app for that allows users to in the group to communicate via text message. I have created the group as a closed group but could open it up for others to add members. We have begun using this app within our organization and are still learning the ins and outs; it has been approved by our IT department.

I am still looking into what e-mail service would work best for our organization to send out bulk e-mails. I intend to have this task complete prior to our spring meeting so that the next secretary, volunteer communication chair and/or districts can take over our communications. I still intend to resign my current position sometime between May and July of 2019 to return to school and am not certain if I will continue to be employed and have my current e-mail. It was suggested to look into "Outlook" for state e-mail distribution. It was also suggested that members routinely check their junk or trash for ANFP related e-mails.

Historian, Mandy Craig & Becky Robinson Looking for more history

Becky put together a slide show for the 55th anniversary meeting; she also brought some historical meeting items. Becky may need to leave the Kansas Chapter because she is leaving food service as her husband has cancer and must go to several doctor's office visits.
