## Great year for Kansas ANFP and more to come...

It has been a great year for Kansas/ANFP, and I was proud to be representing Kansas at nationals in Orlando. We received the *Platinum* award and were in the finals for the *Diamond* award. Other presented awards were for *Spokesperson*, Cindy Cothren, *Membership* Dana Tinkler, and *Communications* Shawn Williams and Leonard Turpen. Thank you for your hard work and to all of the volunteers throughout the state.

We had great workshops to attend "Master Tools for Impact", "Steal this Idea", and Chapter Best practices" just to name a few. Start planning for **June of 2019**, nationals will be in St. Louis, at the Union Station.

We are now taking volunteers to run for *President Elect* and *Secretary* at the *State* level. Please send "I will serve form" to Donna Bateman.

Also, Thank you Central District for a great Spring Workshop. Cans for Cash for sending our Kansas Veterans to Washington had a great start! We raised over \$690.00. Remember bring your checks for cans to the Fall Workshop in October.

National Conference in Orlando, FL, we received awards and also won the **Platinum Award.**

## President

*Leonard Turpen, CDM, CFPP*

**N**ational's keeps getting better! We, the Kansas delegation enjoyed the education and networking at this year's convention. It started off with Kansas receiving all four awards and being up for the Diamond award. I enjoyed being part of the *best practices session* where we changed tables every 10 minutes and answered questions on running your chapter and making your state better on attendance for state workshops and district meetings.

The meetings were full of information that we can bring back to our own departments and talking with others on how they would handle problems in certain situations.

*This next June ACE is in St. Louis it would be a great time to go and find out what it is to be part of an Association that is over 14,000 strong.*

## President elect

*Donna Bateman, CDM, CFPP*

**W**hat a learning opportunity I had at the ANFP Conference, in Orlando. The networking was great. Lots of great Speakers as well. The most inspiring speaker was *Elisa Hays*, imagine the difference it would make if your organization had leadership at every level, giving the performance of a lifetime.

### Living 5 Rules

1. **It's not about YOU.** *Be of service to others.*
2. **Actually CARE.** *Practice genuine compassion.*
3. **ASK more, tell less.** *Keep a curious and open mind.*
4. **DO the hard thing.** *Give all of your presence, attention and effort.*
5. **PLAY the long game.** *Patiently invest in people with kindness.*

I am looking forward to serving our state as President - elect. As a Food and Nutrition Professional I support feeding the hungry. I feel that we all need to do our part in feeding the hungry. Come on and join the fun and, "Climb aboard the Hunger Train."

*Thank you all for being a part of such a great Organization.*

## Secretary

*Matthew Schlagel, CDM, CFPP*

**F**ellow Kansas CDM's, I hope that all who were able to attend the Spring State Workshop enjoyed their time and were able to learn things to take back to your facilities. The Central District worked hard at planning the event. Central District also had a day at the Zoo in Salina for our District workshop which was a very nice venue. I would encourage anyone to visit there sometime.

It was awesome to be able to attend the Annual Convention and Expo in Orlando Florida. It was exciting to connect with other leaders and members from Kansas and across the nation and learn from one another. I hope that Kansas will have a great turnout at next year's ACE in St. Louis.

This will be my last year as State Secretary; I would like to thank everyone for their support along with the board and committee members for their leadership and teaching me so much. I have decided to go back to school the fall of 2019 so I will be stepping back for after the fall meeting to let the new secretary take over next spring.

## Treasurer

*Beverly Kliesen , CDM, CFPP*

### **Treasurer's report 2/28/2018**

2018 ACE in Orlando, FL was great as always. There was a lot of focus on leadership and good lessons learned by all of us managers. We find ourselves being managers "the BOSS" so to speak instead of leaders. We fail to show our employees just how valuable they are. It is a much more productive situation if they know we are willing to do the work we are asking them to do. We find ourselves criticizing them for things they do wrong. Instead we need to make it a teaching opportunity. Praise them when they do good things and praise them when they correct the bad "habits".

With that being said I did have some new experiences on a personal level. Alligator???? Have you tried it? I did and it is delicious. I was a pleasantly surprised. Murder Mystery Dinner Theater was so much fun. The actors were out of this world. By the way I would make a lousy detective...just saying.

Most importantly I got to see old friends from all over the United States and got to hang with my Kansas ANFP peeps. What could be better than that???

On a personal note July 6th a letter showed up at our house from Kansas University Medical Center. My husband has been placed on the active transplant list. Things are getting "REAL" at our house.

*It has been enjoyable working as your treasurer but so glad to have Alberta back.*

## State Spokesperson

*Cindy Cothorn, CDM, CFPP*

**C**indy had asked Leonard and Jennifer to represent Kansas for ANFP Day at the Capital. After the picture with Governor Colyer MD. We met with Kansas Representatives Jim Kelly and Rich Proehl, about Medicaid, state surveyors, and long term care. That day the senate was voting on raising Medicare funds, the house voted for it and it passed, and the state of Kansas has hired an outside firm to help get caught up on surveys. Goal is to be no more than 12.9 months out. Might be good timing, I felt our voice was being heard and changes were made.

Then we had lunch with *Cindy Luxem*, president of KHCA, and discussed our day and learned more on what is going on.

As always I work for you so please email me if you need something.  
My email is [clcothorn@yahoo.com](mailto:clcothorn@yahoo.com).

***Memo: The State of Kansas has hired an outside company to help catch up on inspections. This is because they were 24-27 months out, they are wanting to get to only 12.9 months out. These are not done in order and they are trying to go from one a week to 3-4 to get caught up. If you are past 1 year you are in the survey window.***
