A letter From the President:

Dear Members,

We are looking forward to great things happening with Georgia ANFP. There are many changes that are happening in healthcare, the elderly and in food service. Your Board of Directors and I are working to put together a great learning experience for our members in Macon Ga September 18 -20 2018. Our President –Elect has been working hard putting our fall meeting together.

The board and I are looking to the members to help make this organization greater than it's ever been and it can be done if members would take that leap of faith and volunteer. We are asking that you volunteer to be on committees, it can be as simple as helping to count ballots or finding vendors for our food shows. There is a lot of work to be done.

2020 is fast approaching and many Long-Term care Facilities are beginning to hire CDM's and CMS is looking for Knowledgeable CDM's as well to fill positions throughout the United States. In addition, many state agencies are asking if facilities have a Certified Dietary Manager on staff. If you are a student working on your certification "great" we need you. If you are a CDM please continue to talk to your legislative members. We need to get the Safe Foods for Senior's passed. We have an exciting future ahead for us.

I am looking forward to seeing you all in Macon until then I pray that you stay healthy and happy.

sincerely

Elsie Mills President GA-ANFP
