California Chapter of ANFP is an affiliate of the national not-for-profit association. To date, it has a total of 888 certified members and 54 uncertified members.

ANFP was established in 1960 that today has over 14,000 professionals dedicated to the mission of providing optimum nutritional care through foodservice management.

Vision -The Certified Dietary Manager is the cornerstone of the collaborative Dietetics profession.

Mission - Position the Certified Dietary Manager as the expert in foodservice

long term care facilities. Getting any of these vaccines is a personal choice but globally, the vaccines have brought hope to most people. As we traverse this new normal, we are also getting pleasantly surprised to find that we can be more resourceful, more flexible, and more helpful than we thought we can ever be as Foodservice and Nutrition Professionals. As we hear it said, "We are in this together".

When do your credentials expire? If you don't know it's a good idea to find out:

- How many CE units do I need to keep my credential?
- How long do I have to achieve?
- Where should I go to get CE units?

The Annual Conference and Regional meetings are a great place to earn a lot of CE units in one place. If that is not possible you can purchase bundles on the ANFP website.
