NFEF UPDATES

The Nutrition & Foodservice Education Foundation announced its new vision and mission, adopted by the Board of Trustees. These new statements support our current organizational goals and values.

NFEF VISION: All CDM, CFPPs have the knowledge and resources needed to lead their teams in promoting optimum nutritional care.

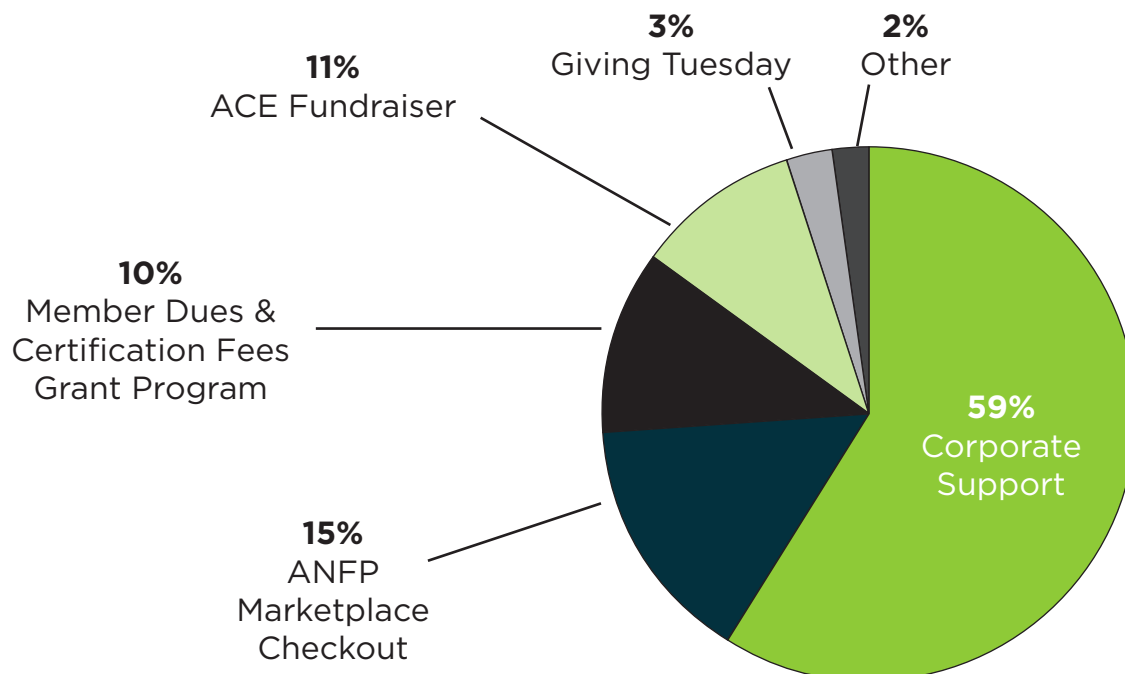

NFEF MISSION: Remove barriers to professional growth for current and future CDM, CFPPs through:

- Research
- Education
- Financial Support

The Foundation created a Research Priorities Task Force comprised of four members to develop and adopt new research priorities using the new vision and mission statements. A survey was conducted to help NFEF identify and outline a framework of new research priorities that will shape our work.

The Foundation purchased an all-in-one event fundraising software program called ClickBid. This platform allows NFEF to offer a virtual silent auction that accepts bids online, collects payments and donations securely, and enables text-to-give.
