**SIoux FALLS
SPECIALTY HOSPITAL**
Innovative and Personalized Care

NFEF's fourth annual Foodservice Department of the Year Award was awarded to Sioux Falls Specialty Hospital of Sioux Falls, SD. The award was presented at the ANFP Annual Conference & Expo, which took place from June 26-29, 2019 in St. Louis, MO. The award was given to the department that demonstrated exceptional teamwork, innovation, customer service, and operational contribution.

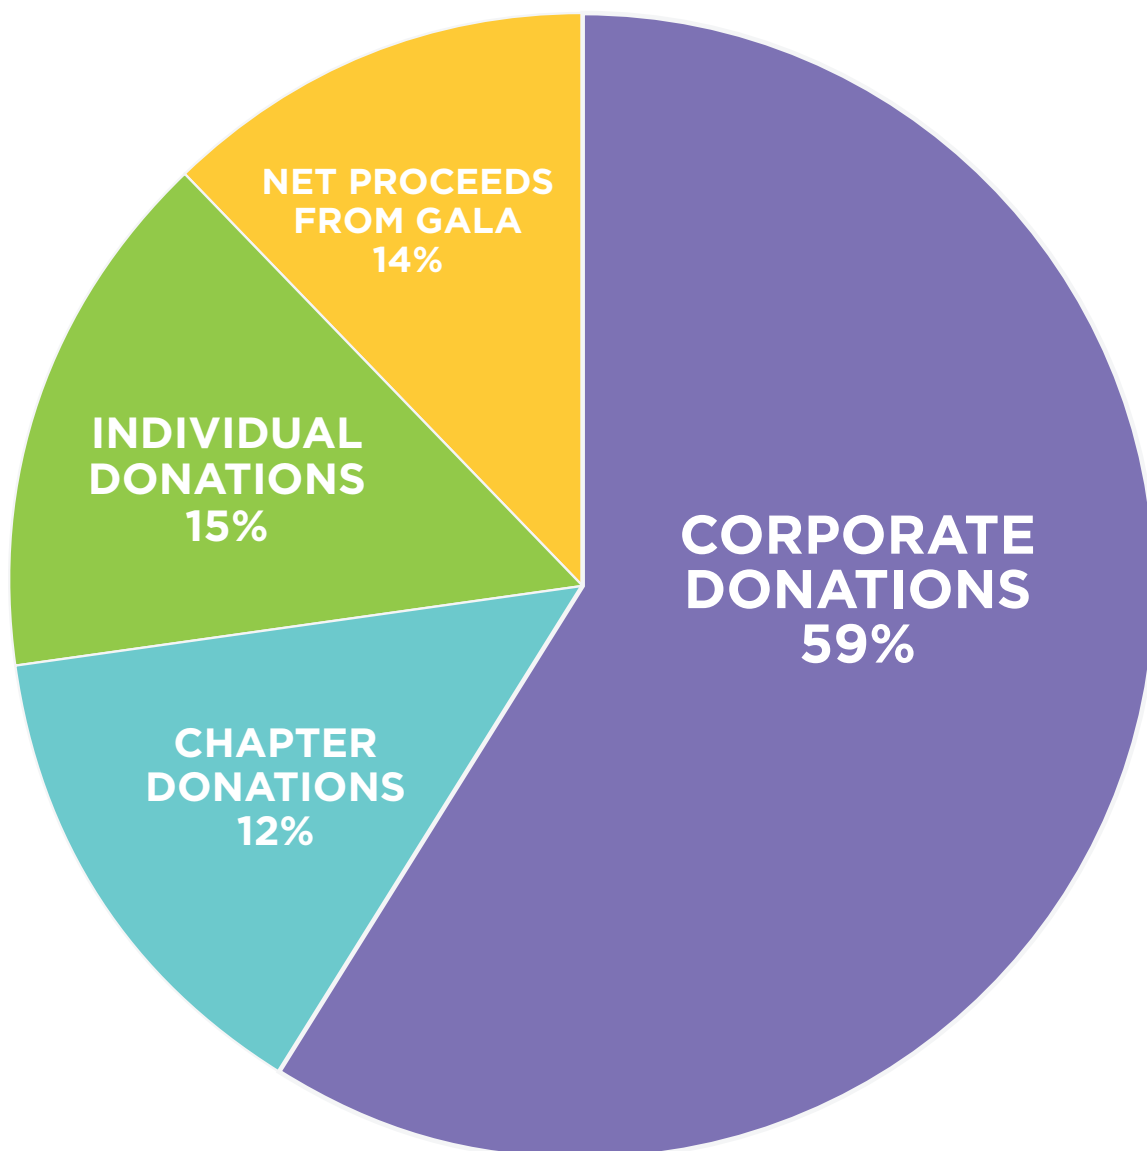

RESEARCH

NFEF completed two research studies this past year! The first study, in conjunction with Technomic, titled: **Understanding Healthcare Foodservice - An Updated Evaluation of the Hospital, Long-Term Care and Senior Living Segments**, included information on the healthcare foodservice market, critical issues facing healthcare foodservice, operational dynamics, menus, and supplier support. The second study, also completed by Technomic, **quantified and defined the impact of CDMs** on long-term care operations.

Information from these studies has been featured in *Nutrition & Foodservice Edge* magazine, on ANFPtv, in two webinars, and has been included in several conference presentations.
