FROM THE VOICE OF THE ANFPFL TREASURER

Greetings from the Beach! Thank you for all that you do for both our patients, residents, and for our industry, and for welcoming me to Florida. I started out 23 years ago on the Space Coast at a small hospital and made my way to Bradenton/Sarasota, before traveling for a bit, and eventually moving to Virginia in 2016. Life brought me back to this area right before Hurricane Ian (talk about a homecoming) and back to my Manatee Memorial/Lakewood Ranch Medical Center teams. I have been a CDM since 2017 and served on the Virginia board for several years. I also have served on many ANFP committees and currently chair the Marketing and Communication Committee. As a Chef, I believe that we are here to serve the best food possible to improve the lives of those we care for, while making sure we care for ourselves at the same time. I look forward to serving with each of you here in Florida

Yours in service,

Chef Timothy Schoonmaker, MBA, CEC, CCA, CDM, CFPP, FMP, MCFE, CHESP, Realtor

The History of Florida ANFP

In 1965, the Florida Association of Nutrition & Foodservice Professionals (ANFP) chapter was formerly known as Florida HIEFSS (Hospital Institution Education Food Service Society) and began with 10 members sent in from other states. Ruby Puckett R.D. was appointed by the Florida Dietetic Association to organize the chapter in Florida and the state appointed Marge Knapp RD, (Registered Dietitian) and Marion Aspinwall RD, to work and support Ruby as they got the chapter up and running. Ruby and Marion continued to serve as consultants, advisers, and teachers to many members throughout the years.

During the forming stages of the chapter, each RD was given a course outline from American Dietetic Association (ADA) and assigned students. During the course, the 10 students along with the RD's, held its first organizational meeting in Orlando. When the course ended in 1965, the graduating class held its first meeting in St. Petersburg at the Princess Martha Hotel, when Vera Maclean served as President, and Ruth Jackson as Secretary/Treasurer. At this time, Florida ANFP had to combine their meeting with the ADA.

In 1967, Marie Walker served as President and began to promote the scholarship program. In 1969 the chapter, held its first State Meeting in Orlando when RD advisers were required to attend all district and state meetings.

Florida continued to grow until it became the state with the largest membership in the nation, and in 1970 the Florida chapter held its first National Convention in Ft. Lauderdale.

In 1972, The Marie Walker Scholarship Foundation was created, which has been sponsored by Lemon-X for the last 14 years, joined by Vitality Beverages in 2006. Since the scholarship was created, many students have benefited from the program.

Then, in 1984, the HIEFSS officially became known as the (Florida) Dietary Managers Association.

The last Florida National Convention was in 1993 in Orlando. In 1995, the chapter set up its first website and in 1996 The State Banner was reconstructed.

In 2005, the chapter celebrated its 40th Anniversary and honorees included: Marian Aspinwall RD and Ruby Puckett RD. Marian had retired since (now deceased), but Ruby continues as the program director for the Dietary Managers Program at Gainesville University of Florida's correspondence and online course.

More recently, the Dietary Managers Association became known as the Association for Nutrition & Foodservice Professionals (ANFP), as it is currently recognized today.

Florida ANFP has produced two National Chairs (presidents) Betty Deeter CDM, CFPP and Shirley Williams CDM, CFPP, and three Directors at Large: Lothar Sache CDM, CFPP (deceased), Janet Gonter CDM, CFPP (deceased), and Dorinda Carwell CDM, CFPP.

Through the years Florida ANFP has changed from 17 districts to 7, to form larger and more successful districts. Florida ANFP has been the proud winner of the following awards: Platinum State Achievement, Membership, Government Affairs, and Newsletter.
