As discussed at our last meeting, Districts can only have one workshop that will count for education credits. Therefore, it is important that we support our District meetings. Wherever you are in the state, you are able to go to any of the meetings hosted by one of our 7 districts. We look forward to all attending our District meeting.

How to be ENGAGED at work – EVERYDAY!

Can you vs. will you – is truly a choice! Which do you choose?

Kimberly A. Warnecke, NHA, MPA

**Kim Warnecke is a Nursing Home Administrator by trade and has worked in the AMAZING profession of skilled nursing and post-acute care for over 20 years. Although she worked as a successful NHA for several years in Destin, Florida, she knew she wanted more involvement on the Human Resource side of the business. Her PASSION is quite simply put- PEOPLE. At work, at home, or even at a Wal-Mart. Treating people as you would like ALL of your customers to be treated DOES make a difference!**

**Over the years, Kim has transitioned from a Nursing Home Administrator to Human Resource Representative to Vice President of Organization & Talent Effectiveness to her current role as Chief People Officer (CPO) for Apricity Resources, a shared services company.**

**There, Kim lends her expertise with her PASSION for PEOPLE through training & education to over 15,000 associates across 5 companies nationwide. She enjoys sharing her PASSION for PEOPLE and empowering others to do the same.**
