Greeting Food Service Managers!

Thank you once again for coming out to our ANFP Spring Workshop that was held in February. Our theme this year was focusing on food palatability & safety in your establishment. It was very successful because of your attendance and guests speakers. Now, how far are you willing to go? It has been said that there is great potential inside of everyone, and great leaders help bring it out in four ways : training, connecting, challenging, and coaching. Make plan to attend the next workshop to better equip yourself and your employees. We have experienced, knowledgeable, and skillful speakers on board. We hope to see you next month at the State Meeting if its the LORD will. Happy Spring!

If you want something to grow you have to invest in it regardless of what the loss may be. If you don't invest and use it you will lose it. These meeting will nuture you to excel. Sometimes you may have to make your own way. You may not always get reimbursement. It all depends on how far you are willing to go!!
