Fall Conference was indeed a "Labor of Love". Attendees were able to reconnect with each other, exchange ideas etc., to help deal with the issues we face daily in our places of enjoyment. We have a new President-Elect, Clara Poole. Mrs. Poole is not new to the role as she has shown leadership on the District level with the Panhandle and Capitol Districts. She has proven to be a leader with outstanding qualities and direction. We look forward to her leadership.

Vendor show may have been small in number, but attendees were able to see new products that were available for the facilities. We do thank our vendors for their continued support of our Florida Chapter

Vendors that participated in our Fall Conference: **Fieldstone (Ann C), US Foods (Wendy Harbach), Kellogg's (Kim), Bevolution (Denise Kelly, Gina), BSN Solutions (Diane Hall, Sandra), Dinex (Micheal & Frank).**

Note from the New President Elect

Greetings,

It was a pleasure seeing you at our successful Fall meeting in Orlando. I also had the opportunity to visit District 4 (Gulf Trails). This was a successful meeting also. The biannual meetings will provide valuable information given by qualified speakers who are well educated and knowledgeable in their professions. We can only be successful if we support the District and State meetings. We will learn valuable skills to assist us in our day to day lives. We strive to give you what you need to be successful. Thanks to you all from the bottom of my hear.

Get ready for change and prosperity in 2020

#CDMsMatter - ANFP's Response to CMS Rule Changes Proposal

On July 16, 2019, CMS posted a document of PROPOSED changes to the Long-Term Care CoP's Conditions of Participation/Medicare and Medicaid Programs Requirements for Long Term Care Facilities.

One item CMS is proposing changes to is the education requirement for Director of Food and Nutrition Services. Their rationale is because stakeholders are "concerned about a workforce shortage of certified dietary managers and the financial costs imposed on existing experienced staff to obtain specialized training".

CMS acknowledges that set standards for the person leading the department is important, and are putting forth suggestions for how to better reduce the burden

by revising the standards to increase flexibility, the specifics being that a minimum standard be set.

It is important for everyone to understand that the current rules are still in effect and this is only a proposal that is open for comments. Once the comment period is over, CMS will review and thoroughly vet them before any decisions and rule changes will be made. This is a common political process.

As we indicated early on, ANFP has thoroughly vetted this proposal and prepared the attached comments to help maintain the standards of our CDM, CFPP credential. We have submitted these comments, on behalf of all our members, to maintain the integrity of the credential in the CMS PROPOSED rule making.
