BE A MENTOR

Career mentoring is a wonderful way to help someone else grow in the profession, help them develop and move up the ladder at their work place. You will find you too will grow and expand your skills, knowledge and experiences. As a mentor, you will teach or give help and advice to less experienced often younger persons. Mentoring is often a long-term relationship where the mentor helps the learner discover their own wisdom, set goals, and work to accomplish them over a period of time but not generally on a daily basis.

Cross-generational mentoring involves pairing a person from one generation with a person from another generation with a goal of mutual understanding and growth for both. Persons of both generations have a culture, skills and expectations to share. Both persons can benefit from the experience and the employer will benefit as well ending with team members who can work together to accomplish their goals.

Govt. Affairs Update:

Sue Rinkenberger, a member of the National ANFP Govt. Affairs Committee participates on ANFP Govt. Affairs Committee Conference Calls when scheduled/submitted reports on her 5 assigned states (Minnesota, New Hampshire, Vermont and Wisconsin) whom do not currently have the CDM credential in their state's language. Sue also participated on the ANFP Chapter Chat on January 23, 2018 where Barbara Thomsen discussed Spokesperson Responsibilities & Best Practices. ANFP Government Affairs - 2018 Rally Cry: CDM's Cultivating ROOTS! Rallying Organizations & Officials in Training Standards. The Government Affairs Committee is currently looking into updating the old Spokesperson "Toolbox" and will email it out to the states when it is finished. Federal government is working on Education and the Workforce to increase training in career and technical education for 21st Century Act. This and more on the ANFP PAC at April mtg.

Federal government recognized CDM in the work place as of Nov. 28, 2017.

We need to plan programs that will increase recognition and awareness of all ANFP Members, the association and the CDM credential in the state. Recognition and awareness should be gained among elected and regulatory officials as well as the public. If any member personally knows of a State senator and representative in your area, please contact Sue Rinkenberger or Linda Waite ILANFP Impact Team. We need to keep in contact with them, following the annual Day at the Capital, which Sue and Linda recently coordinated as part of Illinois submission of the National Govt. Affairs Award due by the end of March. **If any member attended a Town Hall meeting or Event that any elected officer was present, please send that information to srinkenberger@gmail.com by March 15.**

ANFP has risen to be an effective voice for all Directors of Food Service in hospitals, long-term care, and assisted living facilities. Through its standardized educational curriculum and certification process for CDMs, ANFP has sought to improve quality care in dietary services. We continue to receive tools, practice standards, and position papers to assist members with improving and maintain quality in healthcare facilities. Continue to learn by accessing and applying the many resources available to you. Click on Advocacy tab in the ANFP Website.

How to Spot a Potential CDM, CFPP

The purpose of this document is to better help you identify potential CDM, CFPPs and recruit new members within and outside of the industry.

Each day, we cross paths with a variety of people in our lives: friends, family members, colleagues, and acquaintances. As an ANFP member, we encourage you to think “outside the box” and consider speaking with those who may or may not be employed in the foodservice and nutrition fields about becoming a CDM, CFPP.

Look at those individuals who have a similar work ethic as CDM, CFPPs. Are they hardworking, professional, organized, dedicated and helpful?

Share your experiences and be open to questions about the credential, careers, and benefits. Encourage these individuals to learn more about the credential by visiting www.CBDMonline.org or www.ANFPonline.org.

When thinking of prospective CDM, CFPPs, consider approaching individuals included on the list below. Speak with them about the career potential and benefits they can receive by becoming a CDM, CFPP.

Membership Chair Joyce Salvador would like to challenge all members to look around them and work towards inviting a guest to a state meeting - you never know they may be a potential NEW member.

Do you know that ANFP has a new member referral program? To strengthen the ANFP community and help meet the demands of the industry, ANFP has created a Member Referral Program. This is an opportunity for you to invite colleagues and other foodservice professionals to join ANFP. Additionally, by referring an individual and having them join ANFP, you earn the opportunity to be recognized and win prizes!

Are You up for the Challenge? After a new member uses your information as the referrer on their application and joins ANFP, you will receive ANFP's CDM, CFPP pin (while supplies last). As a CDM, CFPP, you can wear this credential with pride! It is the perfect size to place on a chef coat, tote bag, and more. You can also be one of the top three winners to receive one of the following grand prizes: • One-year ANFP membership dues (\$99 value), ACE registration (\$365 value) and hotel expenses (\$400 value) • One-year ANFP membership dues (\$99 value) and \$200 ANFP Marketplace credit • One-year ANFP membership dues (\$99 value) and \$50 ANFP Marketplace credit Additionally, due to your efforts, your state chapter will receive credit and be entered in a drawing to receive \$1,000 to be used towards chapter business. The time is now! Who do you have in your department that has an interest or would become an outstanding Dietary Manager! Be a mentor ... Talk to them, help them find a program. Are you nearing retirement? Perhaps it's time to start training your replacement. Let's work together and bring the \$1000 prize home to Illinois!

NEW CE SANITATION REQUIREMENT

Effective June 1, 2017

The Certifying Board of Dietary Managers has voted to increase the number of Sanitation hours from 5 CE's to 9 effective June 1, 2017. The total number of CE's remains 45 in a three-year cycle. The increase in the required Sanitation hours reflects the credentialing exam blueprint and the percentage of exam questions that focus on sanitation and safety principles. By ensuring that CDM, CFPPs are continuously staying aware of current information and trends, the new Sanitation CE requirement reinforce the critical role of the CDM, CFPP in the minds of the surveyors, administration, other professionals, those they serve and the public.

Remember each ILANFP Chapter Meeting includes Sanitation CEs – Spring ILANFP 2018 meeting in Edwardsville, Illinois will offer 3 SANITATION CE hours.

ANFP – 5 Ways to Help END HUNGER

The Association of Nutrition & Foodservice Professionals (ANFP) National Hunger Week will be held from April 9 - 13, 2018. This event was created by ANFP to raise awareness and help the hungry and poverty-stricken in America. Make a difference in your community and take action with the five ways to help end hunger below.

1. VOLUNTEER AT A LOCAL FOOD BANK OR SOUP KITCHEN

51% of all food programs rely entirely on volunteers. Organize your chapter members or facility staff to donate a few hours of work at a local facility that feeds those in need. This will not only help those who need a healthy meal, it can provide an opportunity to spread awareness of hunger and serve as an outing with your colleagues.

2. START A FUNDRAISER

There are numerous platforms available for donations online. Invite your family and friends to join you by participating in your fundraiser or creating their own. In addition to a virtual donation platform, consider hosting a bake sale or social event with proceeds going to help the hungry. Visit www.FeedingAmerica.org and www.NoKidHungry.org for additional fundraising ideas.

3. ORGANIZE A FOOD OR CLOTHING DRIVE

43.1 million Americans live below the poverty level, and 42 million Americans are at risk of suffering from hunger. Organizing a food or clothing drive can raise awareness and help make a difference in your community. Collect food items by creating a competition among staff, friends, or neighbors to see who can collect the largest amount to donate. Be sure to share your efforts with the local newspaper, city chamber, and on social media to raise additional awareness.

4. ADVOCATE THE NEED TO END HUNGER

Opportunities are available to raise awareness about hunger on a larger scale. Feeding America and other organizations provide instructions on how to contact your local Senator and Representative about fighting hunger. Visit www.FeedingAmerica.org for the online submission form.

5. REQUEST THAT YOUR COMPANY MATCH YOUR DONATIONS

Many organizations match donations raised by employees. By matching your gift, your company can double the donation you worked hard to provide for those suffering from hunger and poverty. If you are unsure if your organization can match gifts, contact your human resources department for details.

Visit www.ANFPonline.org/hungerweek for more information.
Statistics provided by www.feedingamerica.org.

Support the Make A Wish Illinois Foundation

As many of you know your Chapter, the Illinois Association of Nutrition & Foodservice Professionals, supports a charity at each workshop in the fall and spring. At this Spring meeting we will be partnering with **Make a Wish Foundation of Illinois** specifically working in the southern part of the State. Wishes are granted to children from 2-18 who are critically ill but not necessarily terminal. There will be an opportunity to donate (money) but also, we are asking meeting attendees to bring non-perishable healthy snacks individually packaged for an event April 28, 2018 for these children, who have been granted wishes or are asking for wishes to be granted, to enjoy. Examples would include but are not limited to healthy snack bars, crackers with cheese or peanut butter, dried fruit, nuts or cereal bars. Please attend this meeting for continuing education hours and support those in need.

ILANFP NEEDS YOU to Step Up and Win Platinum or even the Diamond

Your Chapter needs you to volunteer for a position on the ILANFP Board and gain leadership skills as well.

You get training and can offer ideas and suggestions as to the needs of the members the Board may help to support with your volunteerism. Your Chapter elections will be held in October 2018. We are looking for individuals to help the Chair-person already there or become the Chairperson of the Membership, Ways and Means, or Meeting Logistics Committees. The Chapter President-elect, Rosalind Davis, has available job descriptions for these positions and would be happy to discuss these with you. Her email address is rdavis@yahoo.com. You may also express interest to Linda Waite at lwaite@adams.net or any Board member.
