#### ***Plea for Future Meeting Topics***

*When planning each seminar, we want and try to provide information you want and/or need to keep you informed. In order to do this, we need your input as to the topics/speakers you want. In addition to topics we need speakers' names and contact information. Our budget is limited so it is difficult for us to provide renowned speakers. Many of them charge more for a one hour talk than we have in our entire budget. If you have suggestions please bring your ideas, peoples business cards or any contact information you have to assist us in obtaining good informative speakers for our seminars. If you would like you can email me at [Jameson\\_colleen@hotmail.com](mailto:Jameson_colleen@hotmail.com)*

*Please put ANFP in the subject line as my email sends more emails to junk, with ANFP in the subject line I know it is something safe to open. Thank you for your help*
