Association of Nutrition & Foodservice Professionals

President Kathy Mata has resigned due to a new career opportunity that she will have to commit a lot of hours to learn the system. Kathy will remain an active TXANFP member on committees but not on the executive board at this time. Please congratulate Kathy on her new opportunity. I will be your interim president until May 31, 2020. I am honored to serve as your interim to the end of this fiscal year.

We recently had a joint fall workshop in Selma, Texas, at Ben E. Keith with DTxHCC. The meeting was a success. Speakers gave good presentations and the information was well received. We look forward to having another joint Fall meeting in 2020. Thanks to all of you that attended.

Reminder- NEW CE Submission Process-

Effective June 1, 2019, CDM, CFPPs are now required to submit all CE hours electronically. When submitting the CE program in the Member Portal, all supporting documents must be electronically uploaded via the My Certification page. Physical, e-mailed, or faxed documentation sent to the CDBM will not be accepted. Keep your physical copies of any certificates in case you are audited.

- If a program is prior-approved, the only documentation that is required is proof of completion.
- If a CE program is not prior approved, several different forms of verification are required, and the documentation must be uploaded at the time the CE is submitted.

You can find more information and a tutorial video on <https://www.anfponline.org/>

Reminder— New Professional Ethics CE Requirement

Effective June 1, 2019, the Certifying Board for Dietary Managers (CBDM) voted to require that CDM, CFPPs earn one continuing education (CE) hour focusing on professional ethics during their three-year recertification period. This new policy does not impact the total number of CE hours required over three years, which remains at 45. The new requirement for professional ethics education reflects the credentialing exam blueprint. The policy also reflects findings from the Job Analysis Study, which identifies primary job responsibilities of certified dietary managers. To help CDNs meet this requirement, ANFP will periodically provide targeted CE products— including Edge magazine articles that address the topic of professional ethics. This hour may be earned while the individual is actively certified, and within the CDM’s three-year cycle.

SAVE THE DATE: November 8, 2019

“Texas ANFP 50th Anniversary Regional Workshop”

Watch your email for details!!!

It will be at the Creative Solutions Training Facility in White Settlement, Texas. The National Chair of the ANFP, John Hickson will be with us and we really want a great turnout. We will have CEU's available and we will have a great time celebrating 50 years of Dietetic Excellence in Texas! Make plans to be there!!

Personal Accountability - Model the Example

What is Personal Accountability?

It has been described as taking ownership for your own actions. Ownership means you take responsibility for the outcomes of your actions and words. The phrase “Words are Cheap” has never been exemplified more than when you do not accept responsibility for your words and actions. As a leader do you want

your staff to make good decisions and follow-through on tasks? If they make a mistake, and mistakes do happen. Do you expect them to take ownership and correct the issue without being told? If not, then why? Good performance comes from good communication and consistent training and follow

through. Empower your staff to make decisions. Hold yourself accountable and your staff. Model the Example you expect, your staff will follow your actions, not your words. “Be Personally Accountable!!”

Professionalism: ANFP members are leaders who demonstrate the highest standards of their profession, adhere to a code of ethics, and pursue lifelong learning.

Integrity: ANFP members demonstrate pride in their work and are respected members of the leadership team.

Advocacy: ANFP members are advocates for those they serve and demonstrate that they care about their health and quality of life.

Best Practices: ANFP members implement nutrition and foodservice best practices and impart that knowledge to those they serve and lead.

“ANFP members are leaders who demonstrate the highest standards of their profession”

CMS Staffing Requirement

According to the requirements, individuals who were currently employed as the designated Director of Food and Nutrition Services prior to November 28, 2016 still have until November 28, 2021 to meet the staffing requirements outlined by CMS.

Individuals hired between November 28, 2016 and November 28, 2017 had a one year window to meet these staffing requirements. This is no longer valid for new foodservice Directors hired after November 28, 2017. Do not procrastinate! Take the exam!

What is IDDSI??

The **International Dysphagia Diet Standardization Initiative (IDDSI)** is an organization made up of volunteer clinicians and researchers from 9 countries around the world. The IDDSI Dream since joining together in 2013 has been to;

“Achieve global dysphagia diet terminology, creating common terminology and common understanding across international borders, across lifespan, across professions, and across all the stakeholders to help the care of people with difficulty swallowing (dysphagia).”

IDDSI is all about patient safety!

The American Academy of Nutrition and Dietetics (AND) and the American Speech-Language-Hearing Association have voted to formally support the implementation of IDDSI framework and definitions. An implementation plan is already in progress and you will start seeing dual descriptions on many thickened products.

Association of Nutrition & Foodservice Professionals

Each ANFP chapter is registered as a tax-exempt nonprofit organization with the IRS. Some chapters are divided into smaller areas called districts. Chapters and districts are volunteer driven. Officers and committees promote the benefits of being active locally, such as growing a professional network and developing leadership skills. Chapter leaders are essential to the success and growth of ANFP.

Vision

The Certified Dietary Manager is the cornerstone of the collaborative Dietetics profession.

Mission

Position the Certified Dietary Manager as the expert in the foodservice management and food safety.
