Welcome New Students!!

Glee Brechler

Dena Newville

Kari Kay Pierce

Karen Rundle

Julie Salyers

March, 2022

Government Affairs – ANFP Spokesperson – Sheila Luhman, CDM
CFPP

The Government Affairs Committee Team ANFP Members for 2021/2022 is: Renee Taylor, Marcia Kittleson , Laura Knutson, Patricia Dover, Trish De Leo, Katie Sedbrook and Millie Zarate. Is there anyone else that would like to be on the Brand Ambassador Team that focuses on Legislation?

The Government Affairs Committee is responsible for developing and implementing comprehensive and effective government affairs strategies for ANFP at both the federal and state levels.

ANFP's Government Affairs committee and Chapter's spokesperson volunteers continue to advocate for CDM, CFPPs with local and state legislators providing a toolkit and data statistics that include the current number of states that recognize the credential, a map outlining the number of long-term care facilities and ANFP – approved programs in each state. Connecting with legislators provides an opportunity to share impactful stories and to make a difference on the issues that CDM.CFPPs care about!

Certified Dietary Manager now recognized as Approved Occupation for Registered Apprenticeship. In late December 2021, the US Department of Labor informed the Urban Institute and ANFP that the Certified Dietary Manager is now recognized as an Approved Occupation for Registered Apprenticeship and this identifies the CDM, CFPP credential. ANFP is working with the Urban Institute to complete the criteria and guidelines for employers to follow when placing an Apprentice in the Young Apprenticeship Program. ANFP will provide more information as it becomes available.

CMS 1135 Waiver for Director of Food and Nutrition Services extended until April 16,2022. CMS had previously issued a waiver for directors of food and nutrition services which granted an extension for training requirements that previously had a deadline of November 28, 2021. This allowed individuals until January 16, 2022, to enroll in training program, which was an extension of another 5 weeks to meet the Requirements.

As we begin rebuilding from the COVID-19 Pandemic, it is imperative to pass the Build Back Better Act to address nutrition security and health equity in communities across the country. Take action today – tell your member of Congress to support the Build Back Better Act!!

Remember to get to know your Legislators. Attend your Local – Virtual – Town Hall meetings, do public service activities in your community. Promote CDMs to administrators. There are usually guest Speakers – US Representatives at many events. They give you opportunities to engage with legislators to advocate for issues that matter most to your business. Invite them to your facility. Sheila Luhman CDM,CFPP. Sheila.luhman@atticangel.org.

We would love to have you join us on our Facebook Page and please share pictures of fun things you are doing in your Communities!

National Nursing Home week is coming up May 8th thru 14th so hope you are all busy planning fun ideas for that week!
