CHAPTER PRESIDENT UPDATE:

Happy Spring Wyoming ANFP Family.

I hope everyone is having a great spring. Our spring conference and come and gone. We had just a few in attendance but had some great sessions and a very informative round table. We are hoping to host our fall conference in Riverton either mid September or early October. We are hoping that having it centrally located it will help our members with travel distance.

May is often a crazy season for most of us with graduations, Mother's Day and Memorial Day. Don't forget to take time for yourself. I know this year, May is definitely a month of mixed emotions. My son will be graduating from High School. While I am proud of his accomplishment (and grateful he is graduating), it is hard to realize that he is grown up. I started my CDM journey when he was only 1 ½ years old. It is hard to believe that the time has went so fast. So my advice to all of you is to enjoy the little moments and take time for your family, because you blink they are have moved on to their own adventures.

We are looking forward to ACE in New Orleans at the end of June. It will be a great opportunity not only for educational sessions, but to meet with vendors, network with your peers and YES!! Have fun!! The agenda already has a lot of great looking sessions.

Thanks, Felicia Smith WYANFP President

CHAPTER TREASURER UPDATE:

Happy Mother's Day to all of the "Moms" out there . . .

We are also celebrating our Graduates!! Here in Douglas, Graduation Day has been on Mother's Day for as long as I have been here. So that has been since at least 2003!

It was great to see those of you that made it to our Spring Conference in Casper. I came away from our time together more refreshed! Thank you for coming and sharing your time with us. Hopefully, we can get more attendees next time. We are trying some different approaches in hopes of being able to accommodate more of you to allow you to attend. We also understand timing is difficult – so we will do what we ALWAYS do . . . keep trying!

We are looking forward to ACE next month! Our very own, Felicia Smith will be sworn in as the Chair for ANFP! Looking forward to networking with our peers and learning new information on updates, best practices and, of course, the Expo. We are able to connect with our vendors or prospective vendors and look for solutions!

“THANK YOU” to each and every one of you for everything you do – you are making a difference in peoples' lives on a daily basis! Every action and thought makes a difference and brings about change!

CHAPTER COMMUNICATIONS LEADER UPDATE:

We had our Spring Conference in Casper toward the end of April. The turnout was a little less but the benefit to that is the interaction goes way up in a smaller group. We had some great conversation and shared a lot of ideas with each other. Thank you for those that did attend and participate. We are going to start preparing the fall conference and are looking at Riverton as the location. Hope to see you there!

I spoke in Casper at our Spring Conference on leadership and tools to help you lead your team. I've spoken on this topic before and this time it sparked some conversation about completing a personality test as a group and having a session on how the different personalities are and how they interact with each other. This is a fun topic and I've enjoyed doing it with my teams, it really helps to build the engagement and interaction between the team members themselves. So, for our Fall Conference I will plan on a personality session but it will require you to fill out the personality test ahead of time and send it to me. I prefer the disc assessment but will speak on all of them so you have the tools to take back to your teams. Watch our Facebook for info on personalities, where to find the different tests, and how to prepare for this session in the Fall!

Find a free disc assessment at Tony Robbins website. Complete the test. Save your results as a PDF and email them to me any time before the Fall Conference. Even if you aren't going to attend this is still available for you to be a part of.

Also, with the new food code updates and the requirement to label all Top Allergens in your food I've included PDF's of labels I made for my team to label our cafeteria food. They are very basic. Print, cut, laminate.

Thanks, Toni Skaggs CDM CFPP WYANFP Communication Leader
