### About NFEF

The Nutrition & Foodservice Education Foundation (NFEF) was originally founded in 1994, as the Dietary Managers Association (DMA) Foundation. It was re-configured as a part of DMA’s re-branding and name change to the Association of Nutrition & Foodservice Professionals (ANFP) in 2012. NFEF engages in innovative research, education, and charitable causes that promote the vital role of the Certified Dietary Manager and Certified Food Protection Professional as the expert in the profession of foodservice management and food safety. NFEF supports the goals of ANFP and works to strengthen the overall nutrition and foodservice profession. As ANFP’s philanthropic arm, the Foundation is organized to advance the foodservice and nutrition profession to stay ahead of rapid change by fostering innovative thinking, cutting-edge research, and new ideas. The Foundation’s highest priority is research and education for the future.
