

Tips & Tools to Achieve Operational Excellence

Compiled by: Joey Rost, CDM, CFPP

1. Create an environment where people feel safe and supported and ready to do the best job possible in accomplishing key goals.

2. Provide selfless service and demonstrate your gratitude toward others.

3. Be professional both in the way you look and the way you act.

4. Stay positive in every situation and in control of the way you react.

5. Be open to all forms of feedback and have meetings that inspire others to speak up and take action.

6. Change is vital. Routines can prevent us from exploring and growing.

7. Learn one new idea every day and improve upon it.

8. Recognize, reward, and repeat your team's successes.

Look for routines and habits that can be improved.

9. Create a product cost analysis to evaluate your products and save money while maintaining quality products.

10. Make the world better for others. You will in turn make the world better for yourself.
