COMPARISON OF CLINICAL TASKS FOR CDM, CFPPS VS. NON-CDM, CFPPS FOR LONG-TERM CARE STAFFING REQUIREMENTS DIRECTOR OF FOOD & NUTRITION SERVICES §483.60

The CDM, CFPP credential indicates that an individual has the education and experience to competently perform the responsibilities of a foodservice manager in a non-commercial setting. The CDM, CFPP Scope of Practice outlines competencies and associated tasks in five domains, including but not limited to, Nutrition. This supports the intent of §483.21(b)(2)(ii) of the CMS final rule for LTC, allowing for participation in the Care Planning Process as a member of the Inter-Disciplinary Team.

The regulations governing Food and Nutrition Services in Long Term Care are found in the CMS State Operations Manual (SOM), Appendix PP, §483.60(a) Staffing. Effective in November 2017, the regulations provide guidance on employing a Director of Food and Nutrition Services in the absence of a full-time dietitian. The personnel options include:

- A) A certified dietary manager (**CDM**);
- B) A certified food service manager (**CFSM**);
- C) Has similar national certification for food service management and safety from a national certifying body;
- D) Has an associate's or higher degree (**AA/BA+**) in **Food Service Management** or in **Hospitality**, if the course of study includes food service or restaurant management from an accredited institution of higher learning

Certified Dietary Managers Clinical Tasks/Functions as related to the CDM, CFPP Scope of Practice	CDM, CFPP	CFSM	Hospitality/FSM AA or BA+
Document food preferences: likes, dislikes, food allergies	Yes	Yes	Yes

ADVOCATING FOR YOURSELF

TALKING POINTS

A CDM, CFPP plays a crucial role in ensuring the quality of food and nutrition services in non-commercial settings. Below are some key talking points to consider when advocating for your profession to administrators, surveyors, or other stakeholders. Make sure you are prepared by reviewing the documents and resources referenced at the bottom of this list.

1. SCOPE OF PRACTICE AND COMPETENCIES:

- Highlight the Scope of Practice and competencies required by a CDM, CFPP.
- Be ready to present the CDM, CFPP Scope of Practice to your employer, surveyor, or any other stakeholders.

2. CDM, CFPP PRACTICE STANDARDS:

- Emphasize the significance of the CDM, CFPP Practice Standards in ensuring high standards of knowledge and skills in food service management and safety.

3. INTERDISCIPLINARY COLLABORATION:

- Highlight your role on the IDT and working closely with healthcare teams to align nutrition services with individual resident needs and care plans.
- Emphasize the positive impact on overall resident health outcomes through collaborative efforts.

4. COMPLIANCE AND REGULATORY ADHERENCE:

- Showcase how CDM, CFPPs contribute to regulatory compliance, particularly in meeting the requirements outlined in regulations such as §483.60.
- Demonstrate the role you play in implementing and maintaining food and nutrition services following industry standards and guidelines.

5. JOB DESCRIPTION:

- Use the CDM, CFPP Sample Job Description to showcase the skills and competencies you bring to the table, including leadership skills.

6. COMPENSATION & BENEFITS SURVEY:

- Research the ANFP 2022 Compensation & Benefits Survey to know what you are worth in your area.
- Take a deep dive and filter by your geographic area, facility type, number of beds, etc., to get the most accurate data.

7. RISK MANAGEMENT:

- Discuss how your expertise contributes to risk management by ensuring food safety, preventing foodborne illnesses, and addressing dietary concerns to minimize health risks.
- Share data* to showcase the difference in facilities with CDM, CFPPs vs. those without:
 - Average overall star rating was 12.5% higher in skilled nursing facilities with a CDM, CFPP
 - Total dietary deficiencies per facility was 26% lower in skilled nursing facilities with a CDM, CFPP
 - Total deficiencies per facility was 19% lower in skilled nursing facilities with a CDM, CFPP

**Data from 2022 CMS database*

8. ANFP BENCHMARKING PROGRAM (IF APPLICABLE):

- Research the Skilled Nursing and/or Acute Care Benchmarking surveys.
- Consider participating to allow a better understanding of what makes your facility successful, leading directly to an action plan, improving productivity, and gaining strategic advantage.

9. PROFESSIONAL DEVELOPMENT:

- Showcase a commitment to ongoing professional development and staying current with industry trends, regulations, and best practices.
- Discuss how this continuous learning benefits both you, the organization, and those you serve.

10. RESIDENT AND FAMILY ENGAGEMENT:

- Emphasize the role CDM, CFPPs play in engaging residents and their families in menu planning, addressing dietary preferences, and ensuring a positive dining experience.
- Cite resident satisfaction surveys.

By effectively conveying these talking points, you can advocate for the value you bring to your facility and underscore the importance of your role in promoting client health and well-being.
